Price per person sharing: Approximately NAD 100,890.00

Tour Programm

This tour program is intended as a suggestion, and depending on your wishes, schedule and budget, we will be happy to create a tailor-made program for you.

| Day | TRAVEL PROGRAM & SERVICES |
|-----|--|
| 1 | Pick up your rental car. Approx. 30 minutes drive to your accommodation in Windhoek. |
| | For the first evening in Windhoek, you should book the desired restaurant in advance (we will be happy to help you with this). |
| | Optional: Guided Katutura tour, city tour (also on your own). |
| | Overnight: Windhoek Luxury Suites (bed breakfast) |
| 2 | After breakfast, head south into the Kalahari. |
| | Behind the Aua Mountains, the vastness of the country opens up like a picture book. On the way you will discover gigantic |
| | sieve weavers' nests in ancient camel thorn acacias. As you approach the lodge, endless linear dunes stretch across the |
| | limestone soil of the Kalahari. |
| | Optional activity: afternoon guided panoramic drive in the red Kalahari dunes with sundowner. It is a tour to get to know the |
| | Kalahari with unforgettable viewpoints on the red dune ridges (duration approx. 2.5 hours) |
| | Overnight: Bagatelle Kalahari Lodge (dinner overnight stay breakfast) |
| 3 | Before you set off, you can take an optional activity to a Bushman village. There you will learn about the way of life and some of the wisdom of this indigenous people. |
| | Then continue south through the contrasting desert world. |
| | Today's journey ends at the Quiver Tree Forest near Keetmanshoop. The "playground of the giants" - a jumble of granite rocks |
| | piled on top of each other - is a special motif for every photographer as the sun sets and rises. |
| | In the afternoon, you can consider an optional exploration of these remnants of forgotten times on a guided tour, while |
| | enjoying Namibia's hospitality and comfort in rustic accommodation. |
| | Overnight: Mesosaurus Camp near Keetmanshoop (dinner overnight stay breakfast) |
| 4 | After breakfast, the journey continues in a southerly direction. |
| = | It is worth taking a break at the Naute Dam. The Naute Dam was built to supply water to the surrounding villages and to |
| | irrigate the fruit plantations. This fruit, which spoils quickly if left unrefrigerated, is now distilled. This is the background to the |
| | "Naute Dam Distillery" project. Not far from the mighty gorge landscape of the Fish River, your next accommodation lies |
| | between mighty granite rocks. |
| | Overnight stay: Canyon Lodge (dinner overnight stay breakfast) |
| 5 | At 650 kilometers, it is the longest river in Namibia. And in the Naukluft Mountains it set off a very long time ago in search of |
| | the Orange River in the south of the country. But mountains stood in its way and so, in 120 million years of painstaking work, |
| | it created the largest canyon in Africa, the Fish River Canyon. |
| | Optional: Today you should consider a guided tour to the canyon viewpoints in a lodge vehicle. |
| | Overnight stay: Canyon Lodge (dinner overnight stay breakfast) |
| 6 | You penetrate further into the Namib Desert and spend the night near Aus. |
| | And the scene of history, where your next accommodation is situated at 1,400 meters, is now called Aus Mountains. A place |
| | where everyone can come to rest. Silence, endless expanses, a fantastic view of the Aus mountains and widescreen sunsets |
| | are the program for a pleasurable slowdown. |
| 7 | Overnight stay: Klein Aus Vista (dinner overnight stay breakfast) Today you should not only visit the Wild Horses of the Namib, but also the historic town of Lüderitz. |
| | In the morning you should drive to Lüderitz and visit the ghost town of Kolmannskuppe. The houses were falling into disrepair |
| | and sand was piling up meters high in the ruins. Some of the interior furnishings were destroyed or taken away. Kolmanskop |
| | finally became a ghost town. |
| | Continue to the small harbor town of Lüderitz, a small town built on bare rock. On the way back, you can spot the wild horses |
| | at the Garub waterhole. |
| | Overnight stay: Klein Aus Vista (dinner overnight stay breakfast) |
| 8 | Today you drive through a geologically beautiful area into the southern Namib Desert. The rugged Tiras Mountains rise like a |
| | chain of islands from the endless expanses of red dunes and yellow grasslands. Koiimasis Ranch is also located here in the |
| | heart of the Tiras Mountains. |
| | Optional: On a guided tour you will learn about life on a farm on the edge of the desert. |
| | , |
| | Overnight stay: Koiimasis Farm in the Tiras Mountains (dinner overnight stay breakfast) |

| 100 | | To do the design of the design of the General Control of the General |
|--|----|--|
| Overnight: Desert Camp in the Sesriem area (clinner overnight stay breakfast) Division to the park early in the morning, as a dune landscape in the morning light offers an unforgetable landscape. Sossus/viel is surrounded by the highest dunes in the world, which such the last bit of energy out of your legs as you climb them. Once at the top, you are richly rewarded with a finatastic view. Overnight: Overnight: Swakue of animals gather at the waterholes, which can lead to a spectacular experience. Each individual waterhole has a unique character. For example, | | |
| things about these animals. Desert Tour: Also called The Living Desert Tour, this is a unique experience in 4WD vehicles that aims to introduce our visitors to the impressive beauty of the Namib Desert and showcase life in the desert. The coastal dune belt, which may seem barren and lifeless to some, is home to a fascinating variety of small animals that have adapted to the desert. They survive thanks to the fog that regularly rolls in from the cold Atlantic Ocean. A unique opportunity to experience the desert up close. Overnight: Hotel Pension Rapmund in Swakopmund (bed breakfast) 13 Continue north on the salt road towards Henties Bay. Here you can continue to Cape Cross, where, in addition to the cross of the Portuguese navigator Diego Cao, there is a colony of dwarf fur seals. From Henties Bay, continue north via Uis to the vicinity of Twyfelfortein. Damaraland offers a wealth of geological and archaeological highlights. Named after the Damara people, the region is home to Namibia's highest peak, the Brandberg, and Twyfelfontein, one of the most important rock engravings and paintings of the San, a UNESCO World Heritage Site. Overnight stay: Twyfelfontein Country Lodge (dinner overnight stay breakfast) 14 This morning you should go on a guided drive in search of the desert elephants (optional). The afternoon is at leisure. Optional excursion (on your own): Visit to the rock engravings at Twyfelfontein. The 20-kilometre-wide and 50-kilometre-long Table Mountain massif consists of porous sandstone. Precipitation seeps through the permeable rock and meets an impermeable layer of clay at the bottom. Thanks to reintroduction, the two rhino species found in Namibia, white and black rhino, the only known healthy groups of African buffalo, sable, roan and lyre antelope as well as leopards and cheetahs can be found here today. Overnight: Waterberg Plateau Lodge (dinner overnight stay breakfast) On the way to Windhoek, it is worth stopping at the woodcarving market in | | , , , , , , |
| beat. A variety of animals gather at the waterholes, which can lead to a spectacular experience. Each individual waterhole has a unique character. For example, the Okondeka waterhole is one of the best for lion spotting. The predator can often be spotted here with prey. The waterhole is a natural spring and is located just north of Okaukuejo on the western edge of the pan. Continue to the eastern side of the park where your next accommodation is located just outside the Von Lindequist Gate. Overnight: Mokti Etosha Lodge in the Etosha East area (dinner overnight stay breakfast) Today you have another opportunity to drive to various waterholes in the park in your rental car. Set off early to drive into the park as soon as the gates open. At one particular waterhole there is usually a leopard resting in the tree after its nightly hunt. Overnight: Mokuti Lodge in the Etosha East area (dinner overnight stay breakfast) Today you have the Waterberg, it is worth making a detour to the Hoba Meteorite. This is probably the largest lump of iron (over 50 tons) of its kind and is worth seeing for that reason alone. Continue via Otjiwarongo to the historic Waterberg area. Overnight: Waterberg Plateau Lodge (dinner overnight stay breakfast) Today you have the opportunity to explore the Waterberg Plateau Park on your own. The 20-kilometre-wide and 50-kilometre-long Table Mountain massif consists of porous sandstone. Precipitation seeps through the permeable rock and meets an impermeable layer of clay at the bottom.
